

FHA Standard Refinance (No Cash-Out Refinance / Rate and Term)

This matrix is intended as an aid to help determine whether a property/loan qualifies for certain financing. It is not intended as a replacement for FHA guidelines. Users are expected to know and comply with FHA requirements. **FHA requirements are found in HUD Handbook 4000.1 which is effective for case numbers assigned on or after September 14, 2015.**

NOTE: This matrix includes overlays, which may be **more restrictive** than FHA requirements. A thorough reading of this matrix is recommended.

Program Qualifications

- Impac's FHA Standard Refinance (No-Cash-Out Refinance / Rate and Term) program is designed for the refinance of owner occupied single family residences using an FHA insured home loan. All proceeds are used to pay existing mortgage liens on the subject property and costs associated with the transaction. The existing loan is not required to be FHA insured. Loan is fully credit qualifying with appraisal.
- Impac's FHA Simple Refinance program is a no cash-out refinance of an existing FHA-insured mortgage in which all proceeds are used to pay the existing FHA-insured mortgage lien on the subject property and costs associated with the transaction. Loan is fully credit qualifying with appraisal.

Eligibility Matrix Loan Amount & LTV Limitations

FHA – Rate and Term Refinance

FHA Maximum mortgage cannot exceed statutory limits for the area.

- The Mortgagee must include documentation from the creditor agency to support the verification and resolution of the debt. For debt reported through CAIVRS, the Mortgagee may obtain evidence of resolution by obtaining a clear CAIVRS report.

Mortgage Payment History Requirements

- Loan must be current for the month due (payment due in the month of closing may be paid either in cash or financed)
- Housing (Mortgage/Rental) Payment History (PITIA) is inclusive of all liens regardless of position, as well as all occupancy types.
- Obtain up to a 12-month or life of loan payment history on all real estate owned via Residential Mortgage Credit Report, Tri-merged in-file credit report, cancelled checks or VOM showing payments are current.
- AUS Approve – Mortgage history evaluated by TOTAL Scorecard. Loans will be ineligible with one or more housing (mortgage/rental) delinquency of 60, 90, 120, 150 days or greater reported within 12 months of the date of the credit report.

AUS Refer requires Underwriter review

Mortgage Payment History Requirements – Manually Underwritten

≥ 6 Months of Mortgage Payment History	< 6 Months of Mortgage Payment History
0x30 for all mortgages for the 6 months prior to case number assignment, and no more than:	0x30
1x30 for the 6 months previous for all mortgages.	----

- The borrower must have made the payments for all mortgages secured by the subject property for the month prior to mortgage disbursement.

Minimum Credit Score Requirements (see *Loan Amount & LTV Limitations*)

- **580** for both AUS TOTAL Scorecard approvals and manual underwrite
- Non-traditional credit is ineligible

Minimum Decision Credit Score (MDCS)

A minimum decision credit score is determined for each borrower. Where the loan involves multiple borrowers, select the lowest minimum decision credit score for all borrowers. Where the loan involves multiple borrowers and one or more of the borrowers do not have a credit score (non-traditional or insufficient credit), use the lowest minimum decision credit score of the borrower(s) with credit score(s). If the borrower's MDCS is at or above 580 then the borrower is eligible for maximum financing.

Non-traditional Credit

Borrowers with non-traditional credit (or insufficient credit) must qualify based on the guidance in HUD 4000.1. If TOTAL renders an "accept/approve" risk classification, it can be relied on (subject to correct data) **EXCEPT** when **none of the owner-occupants has a credit score**. In such cases, the loan must be underwritten using the insufficient credit underwriting guidelines.

Borrower with one credit score eligible as follows:

- TOTAL Scorecard Approve/Eligible decision required
- Credit data is available from one repository and credit score is obtained from that repository
- A three in-file merged credit report was ordered

A loan that has either:

- A combination of borrower(s) with score(s) and borrower(s) with no score that receives a "Refer" or "Manual Downgrade" or
- None of the occupant borrowers have a score

must be evaluated according to HUD Handbook 4000.1. FHA prefers that all non-traditional credit references be verified by a credit bureau and reported back to the lender as a non-traditional mortgage credit report (NTMCR) in the same manner as traditional credit references. Impac requires non-traditional credit reports from Impac-approved credit agencies.

Authorized User (TOTAL)

Accounts for which the borrower is an authorized user must be included in a borrower's DTI ratio unless the mortgagee can document that the primary account holder has made all required payments on the account for the previous 12 months. If less than three payments have been required on the account in the previous 12 months, the payment amount must be included in the borrower's DTI.

Non-Borrowing Spouse (see also *Documentation*)

The mortgagee must obtain a credit report for a non-borrowing spouse who resides in a community property state, or if the subject property is located in a community property state. The credit report must indicate the non-borrowing spouse's SSN, where an SSN exists, was matched with the SSA, or the mortgagee must either provide separate documentation indicating that the SSN was matched with the SSA or provide a statement that the non-borrowing spouse does not have an SSN. Where an SSN does not exist for a non-borrowing spouse, the credit report must

FHA Standard Refinance (No Cash-Out Refinance / Rate and Term)

contain, at a minimum, the non-borrowing spouse's full name, date of birth, and previous addresses for the last two years.

Deferred Obligations (TOTAL)

Deferred Obligations refer to liabilities that have been incurred but where payment is deferred or has not yet commenced, including accounts in forbearance. The Mortgagee must include deferred obligations in the Borrower's liabilities.

- Documentation - The Mortgagee must obtain written documentation of the deferral of the liability from the creditor and evidence of the outstanding balance and terms of the deferred liability. The Mortgagee must obtain evidence of the anticipated monthly payment obligation, if available.
- Calculation of Monthly Payment
 - The Mortgagee must use the actual monthly payment to be paid on a deferred liability, whenever available.
 - If the actual monthly payment is not available for installment debt, the Mortgagee must utilize the terms of the debt or 5 percent of the outstanding balance to establish the monthly payment.
 - For a **student loan**, if the actual monthly payment is zero or is not available, the Mortgagee must utilize 2 percent of the outstanding balance to establish the monthly payment.

Installment Loans (TOTAL and Manual)

Installment loans refer to loans, not secured by real estate, that require the periodic payment of P&I. A loan secured by an interest in a timeshare must be considered an installment loan. The mortgagee must include the monthly payment shown on the credit report, loan agreement or payment statement to calculate the borrower's debts. If the monthly payment shown on the credit report is utilized to calculate the monthly debts, no further documentation is required. If the credit report does not include a monthly payment for the loan, the mortgagee must use the amount of the monthly payment shown in the loan agreement or payment statement and enter it into TOTAL Mortgage Scorecard.

Closed-End Debt Paid Off Within 10 Months (TOTAL and Manual)

Closed-end debts do not have to be included in the qualifying ratio if they will be paid off within 10 months and the cumulative payments of all such debts are less than or equal to 5 percent of the borrower's gross monthly income. The borrower may not pay down the balance in order to meet the 10-month requirement.

Waiting Periods after Significant Derogatory Credit Events – How to Measure

The waiting period commences on the completion, discharge or dismissal date (as applicable) of the derogatory credit event (event date) and ends on the date of case number assignment. Impac follows standard FHA Waiting Period Requirements. Reduced waiting periods "with Extenuating Circumstances" are allowed at underwriter discretion with appropriate documentation.

Reduced Waiting Periods After Derogatory Events – Extenuating Circumstances

Reduced waiting periods due to extenuating circumstances may only be applied via Manual Underwriting.

Bankruptcy (TOTAL)

The mortgagee must document the passage of two years since the discharge date of any bankruptcy. If the bankruptcy was discharged within two years from the date of case number assignment, the mortgage must be downgraded to a REFER and manually underwritten.

Bankruptcy (Manual)

- Chapter 7 bankruptcy (liquidation) does not disqualify a borrower if, at the time of case number assignment, at least two years have elapsed since the date of the bankruptcy discharge. During this time the borrower must have:
 - Re-established good credit; or
 - Chosen not to incur new credit obligations
 An elapsed period of less than two years, but not less than 12 months, may be acceptable, if the borrower:
 - Can show that the bankruptcy was caused by extenuating circumstances beyond the borrower's control; and
 - Has since exhibited a documented ability to manage their financial affairs in a responsible manner
- Chapter 13 bankruptcy does not disqualify a borrower if, at the time of case number assignment, at least 12 months of the pay-out period under the bankruptcy has elapsed
 - Borrower's payment performance must be satisfactory and all required payments have been made on time; and
 - Borrower has received written permission from the bankruptcy court to enter into the mortgage transaction
 - Mortgagee must document that borrower's current situation indicates that the events which led to the bankruptcy are not likely to recur

Collections, Charge Offs, Accounts with Late Payments in the Previous 24 Months, Judgments (TOTAL)

Borrower is not required to obtain an explanation of collection accounts, charge off accounts, accounts with late payments, judgments or other derogatory information.

FHA Standard Refinance (No Cash-Out Refinance / Rate and Term)

Collection Accounts (TOTAL)

If the credit reports used in the TOTAL Mortgage Scorecard analysis show cumulative outstanding collection account balances of \$2,000 or greater, the mortgagee must:

- Verify that the debt is paid in full at the time of or prior to settlement using acceptable sources of funds;
- Verify that the borrower had made payment arrangements with the creditor and include the monthly payment in the borrower's DTI; or
- If a payment arrangement is not available, calculate the monthly payment using 5 percent of the outstanding balance of each collection and include the monthly payment in the borrower's DTI.

Collection accounts of a non-borrowing spouse in a community property state must be included in the \$2,000 cumulative balance and analyzed as part of the borrower's ability to pay all collection accounts, unless excluded by state law.

- Documentation: The mortgagee must provide the following documentation:
 - Evidence of payment in full, if paid prior to settlement; or
 - The payoff statement, if paid at settlement; or
 - The payment arrangement with creditor, if not paid prior to or at settlement.
 If the mortgagee uses 5% of the outstanding balance, no documentation is required.
- Medical collections are excluded and are not considered debt

Charge Off Accounts (TOTAL)

Charge off accounts do not need to be included in the borrower's liabilities or debt.

Collection Accounts, Charge Off Accounts (Manual)

Mortgagee must document reasons for approving a mortgage when the borrower has any collection accounts or charge off accounts. The borrower must provide a letter of explanation, which is supported by documentation, for each outstanding collection or charge off account. The explanation and supporting documentation must be consistent with other credit information in the file.

Judgments (TOTAL and Manual)

Mortgagee must verify that court-ordered judgments are resolved or paid off prior to or at closing.

Judgments of a non-borrowing spouse in a community property state must be resolved or paid in full, with the exception of obligations excluded by state law.

- Exception: A judgment is considered resolved if the borrower has entered into a valid agreement with the creditor to make regular payments on the debt, the borrower has made timely payments for at least three months of scheduled payments and the judgment will not supersede the FHA-insured mortgage lien. The borrower cannot prepay scheduled payments in order to meet the required minimum of three months of payments. Mortgagee must include the payment amount in the agreement in the borrower's monthly liabilities and debt.
 - Mortgagee must obtain a copy of the agreement and evidence that payments were made on time in accordance with agreement
- Mortgagee must provide the following documentation :
 - Evidence of payment in full, if paid prior to settlement;
 - The payoff statement, if paid at settlement; or
 - The payment arrangement with creditor, if not paid prior to or at settlement, and a subordination agreement for any liens existing on title

Foreclosure and Deed-in-Lieu of Foreclosure (TOTAL)

The mortgagee must manually downgrade to a REFER if the borrower had a foreclosure or deed-in-lieu of foreclosure in which title transferred from the borrower within three years of case number assignment.

Foreclosure and Deed-in-Lieu (DIL) of Foreclosure (Manual)

Borrower is not eligible if borrower had a foreclosure or a DIL of foreclosure in the three-year period prior to the date of case number assignment. This three-year period begins on the date of the DIL or the date that the borrower transferred ownership of the property to the foreclosing entity/designee.

- Exception: An exception to the three-year requirement is allowed if the foreclosure was the result of documented extenuating circumstances that were beyond the control of the borrower, such as a serious illness or death of a wage earner, and the borrower has re-established good credit since the foreclosure
 - Divorce is not considered an extenuating circumstance. An exception may, however, be granted where a borrower's mortgage was current at the time of the borrower's divorce, the ex-spouse received the property, and the mortgage was later foreclosed
 - The inability to sell the property due to a job transfer or relocation to another area does not qualify as an extenuating circumstance
 - Mortgagee must obtain an explanation of the circumstance and document that the circumstance was beyond the borrower's control

Pre-Foreclosure Sale (Short Sales) (TOTAL)

The mortgagee must document the passage of three years since the date of the short sale. If the short sale occurred within three years of the case number assignment date, the mortgage must be downgraded to a REFER and manually underwritten. This three-year period begins on date of transfer of title by short sale.

FHA Standard Refinance (No Cash-Out Refinance / Rate and Term)

Pre-Foreclosure Sales (Short Sales) (Manual)

Borrower is not eligible if they relinquished a property through a short sale within three years from the date of case number assignment. This three-year period begins on the date of transfer of title by Short Sale.

- Exception for Borrower Current at the Time of Short Sale: An exception to the three-year requirement is allowed if, from the date of case number assignment for the new mortgage:
 - All mortgage payments on the prior mortgage were made within the month due for the 12-month period preceding the short sale; and
 - Installment debt payments for the same time period were also made within the month due
- Exception for Extenuating Circumstances: An exception to the three-year requirements is allowed if the short sale was the result of documented extenuating circumstances that were beyond the control of the borrower, such as a serious illness or death of a wage earner, and the borrower has re-established good credit since the short sale
 - Divorce is not considered an extenuating circumstance. An exception may, however, be granted where a borrower's mortgage was current at the time of the borrower's divorce, the ex-spouse received the property, and the mortgage was later foreclosed
 - The inability to sell the property due to a job transfer or relocation to another area does not qualify as an extenuating circumstance
 - Mortgagee must obtain an explanation of the circumstance and document that the circumstance was beyond the borrower's control

Tax Liens (TOTAL and Manual)

Tax liens may remain unpaid if the borrower has entered into a valid repayment agreement with the lien holder to make regular payments on the debt and the borrower has made timely payments for at least three months of scheduled payments. The borrower cannot prepay scheduled payments in order to meet the required minimum of three months of payments. The payment amount in the agreement must be included in the borrower's DTI. The lien holder must subordinate the tax lien to the FHA-insured mortgage.

Credit Counseling/Payment Plan (TOTAL)

Participating in a consumer credit counseling program does not require a downgrade to a manual underwrite. No explanation or other documentation is needed.

Credit Counseling/Payment Plan (Manual)

Participating in a consumer credit counseling program does not disqualify a borrower, provided the mortgagee documents that:

- One year of the pay-out period has elapsed under the plan;
- The borrower's payment performance has been satisfactory and all required payments have been made on time; and
- The borrower has received written permission from the counseling agency to enter in to the mortgage transaction

Business Debt in Borrower's Name (TOTAL and Manual)

When business debt is reported on the borrower's personal credit report, the debt must be included in the DTI calculation, unless the mortgagee can document that the debt is being paid by the borrower's business, and the debt was considered in the cash flow analysis of the borrower's business. The debt is considered in the cash flow analysis where the borrower's business tax returns reflect a business expense related to the obligation, equal to or greater than the amount of payments documented as paid out of company funds. Where the borrower's business tax returns show an interest expense related to the obligation, only the interest portion of the debt is considered in the cash flow analysis.

- Mortgagee must document that the debt is paid out of company funds (e.g., 12 months cancelled checks) and that the debt was considered in the cash flow analysis of the borrower's business.

30-Day Accounts (TOTAL and Manual)

The mortgagee must verify the borrower paid the outstanding balance in full on every 30-Day Account each month for the past 12 months. 30-Day Accounts that are paid monthly are not included in the borrower's DTI. If the credit report reflects any late payments in the last 12 months, the mortgagee must utilize 5 percent of the outstanding balance as the borrower's monthly debt to be included in the DTI.

- Use the credit report to document the balance and document that funds are available to pay off the balance in excess of the funds and reserves required to close the mortgage.

Payment History on Housing Obligations (Manual)

The Mortgagee must determine the Borrower's Housing Obligation payment history through:

- the credit report;
- verification of rent received directly from the landlord (for landlords with no Identity of Interest with the Borrower);
- verification of Mortgage received directly from the mortgage servicer; or
- a review of canceled checks that cover the most recent 12-month period.

The Mortgagee must verify and document the previous 12 months' housing history:

circumstance.

For Borrowers returning to work before or at the time of the first Mortgage Payment due date, the Mortgagee may use the Borrower's pre-leave income.

For Borrowers returning to work after the first Mortgage Payment due date, the Mortgagee may use the Borrower's current income plus available surplus liquid asset Reserves, above and beyond any required Reserves, as an income supplement up to the amount of the Borrower's pre-leave income. The amount of the monthly income supplement is the total amount of surplus Reserves divided by the number of months between the first payment due date and the Borrower's intended date of return to work.

Required Documentation - The Mortgagee must provide the following documentation for Borrowers on temporary leave:

- a written statement from the Borrower confirming the Borrower's intent to return to work, and the intended date of return;
- documentation generated by current employer confirming the Borrower's eligibility to return to current employer after temporary leave; and
- documentation of sufficient liquid assets, in accordance with FHA guidelines, used to supplement the Borrower's income through intended date of return to work with current employer.

Overtime and Bonus Income (TOTAL and Manual)

- The Mortgagee may use Overtime and Bonus Income as Effective Income if the Borrower has received this income for the past two years and it is reasonably likely to continue.
- Periods of Overtime and Bonus Income less than two years may be considered Effective Income if the Mortgagee documents that the Overtime and Bonus Income has been consistently earned over a period of not less than one year and is reasonably likely to continue.
- For employees with Overtime or Bonus Income, the Mortgagee must average the income earned over the previous two years to calculate Effective Income. However, if the Overtime or Bonus Income from the current year decreases by 20 percent or more from the previous year, the Mortgagee must use the current year's income.

Part-Time Employment (TOTAL)

Part-Time Employment refers to employment that is not the Borrower's primary employment and is generally performed for less than 40 hours per week.

- The Mortgagee may use Employment Income from Part-Time Employment as Effective Income if the Borrower has worked a part-time job uninterrupted for the past two years and the current position is reasonably likely to continue.
- The Mortgagee must average the income over the previous two years. If the Mortgagee can document an increase in pay rate the Mortgagee may use a 12-month average of hours at the current pay rate.

Disability Benefits (TOTAL and Manual)

- The Mortgagee must verify and document the Borrower's receipt of benefits from the SSA, VA, or private disability insurance provider. The Mortgagee must obtain documentation that establishes award benefits to the Borrower.
- If any disability income is due to expire within three years from the date of mortgage application, that income cannot be used as Effective Income.
- If the Notice of Award or equivalent document does not have a defined expiration date, the Mortgagee may consider the income effective and reasonably likely to continue. The Mortgagee may not rely upon a pending or current re-evaluation of medical eligibility for benefit payments as evidence that the benefit payment is not reasonably likely to continue.
- **Under no circumstance may the Mortgagee inquire into or request documentation concerning the nature of the disability or the medical condition of the Borrower.**

Social Security Disability (TOTAL and Manual)

- For Social Security Disability income, including Supplemental Security Income (SSI), the Mortgagee must obtain a copy of the last Notice of Award letter, or an equivalent document that establishes award benefits to the Borrower, and one of the following documents:
 - federal tax returns;
 - the most recent bank statement evidencing receipt of income from the SSA;
 - a Proof of Income Letter, also known as a "Budget Letter" or "Benefits Letter" that evidences income from the SSA; or
 - a copy of the Borrower's [form SSA-1099/1042S](#), *Social Security Benefit Statement*.

FHA Standard Refinance (No Cash-Out Refinance / Rate and Term)

- Positive net Rental Income must be added to the Borrower's Effective Income. Negative net Rental Income must be included as a debt/liability.

Retirement Income (TOTAL)

Social Security Income (TOTAL)

Social Security Income or Supplemental Security Income (SSI) refers to income received from the SSA other than disability income.

- **Required Documentation** - The Mortgagee must **verify and document** the Borrower's **receipt of income** from the SSA and that it is **likely to continue for at least a three year period** from the date of case number assignment. For SSI, the Mortgagee must obtain any one of the following documents:
 - federal tax returns;
 - the most recent bank statement evidencing receipt of income from the SSA;
 - a Proof of Income Letter, also known as a "Budget Letter" or "Benefits Letter" that evidences income from the SSA; or
 - a copy of the Borrower's **form SSA-1099/1042S, Social Security Benefit Statement**.

In addition to verification of income, the Mortgagee must document the **continuance of this income** by obtaining from the Borrower

- (1) a copy of the last Notice of Award letter which states the SSA's determination on the Borrower's eligibility for SSA income or
- (2) an equivalent document that establishes award benefits to the Borrower (equivalent document).
- (3) If any income from the SSA is due to expire within three years from the date of case number assignment, that income may not be used for qualifying.

If the Notice of Award or equivalent document does not have a defined expiration date, the Mortgagee must consider the income effective and reasonably likely to continue. The Mortgagee may not request additional documentation from the Borrower to demonstrate continuance of Social Security Administration income.

If the Notice of Award letter or equivalent document specifies a future start date for receipt of income, this income may only be considered effective on the specified start date.

The Mortgagee must use the current amount of Social Security Income received to calculate Effective Income.

Pension (TOTAL and Manual)

Pension refers to income received from the Borrower's former employer(s).

- **Required Documentation** - The Mortgagee must verify and document the Borrower's receipt of periodic payments from the Borrower's Pension and that the payments are likely to continue for at least three years. The Mortgagee must obtain any one of the following documents:
 - federal tax returns;
 - the most recent bank statement evidencing receipt of income from the former employer; or
 - a copy of the Borrower's Pension/retirement letter from the former employer.
- The Mortgagee must use the current amount of Pension income received to calculate Effective Income.

Individual Retirement Account and 401(k) (TOTAL and Manual)

Individual Retirement Account (IRA)/401(k) Income refers to income received from an IRA/401(k).

- **Required Documentation** - The Mortgagee must verify and document the Borrower's receipt of recurring IRA/401(k) distribution Income and that it is reasonably likely to continue for three years. The Mortgagee must obtain the most recent IRA/401(k) statement and any one of the following documents:
 - federal tax returns; or
 - the most recent bank statement evidencing receipt of income.
- For Borrowers with IRA/401(k) Income that has been and will be consistently received, the Mortgagee must use the current amount of IRA Income received to calculate Effective Income. For Borrowers with fluctuating IRA/401(k) Income, the Mortgagee must use the average of the IRA/401(k) Income received over the previous two years to calculate Effective Income. If IRA/401(k) Income has been received for less than two years, the Mortgagee must use the average over the time of receipt.

Capital Gains and Losses (TOTAL and Manual)

Capital gains or losses must be considered when determining Effective Income, when the individual has a constant turnover of assets resulting in gains or losses.

- **Required Documentation** - Three years' tax returns are required to evaluate an earnings trend. If the trend:
 - results in a gain, it may be added as Effective Income; or
 - consistently shows a loss, it must be deducted from the total income.

Commission Income (TOTAL and Manual)

The Mortgagee may use Commission Income as Effective Income if the Borrower earned the income for at least one

Underwriting method is either via TOTAL Scorecard or Manual Underwriting. These methods are mutually exclusive. Files are underwritten 100% with the selected/required method. There is no "mixing and matching" portions of a TOTAL Scorecard approval with Manual Underwriting flexibilities and vice-versa.

Approvable Ratio Requirements (Manual Underwriting)

The maximum Total Mortgage Payment to Effective Income Ratio (PTI) and Total Fixed Payments to Effective Income Ratio, or DTI, applicable to manually underwritten Mortgages are summarized in the matrix below.

The qualifying ratios for Borrowers with no credit score are computed using income only from Borrowers occupying the Property and obligated on the Mortgage. Non-occupant co-Borrower income may not be included.

Manual Underwriting Matrix		
Lowest Minimum Decision Credit Score	Maximum Qualifying Ratios (%)	Acceptable Compensating Factors (see info below table for documentation)
500-579 (not allowed by Impac) or No Credit Score	31/43	Not applicable. Borrowers with minimum decision credit scores below 580, or with no credit score may not exceed 31/43 ratios.
580 and above	31/43	No compensating factors required
580 and above	37/47	<u>One</u> of the following: <ul style="list-style-type: none"> • verified and documented cash Reserves; • minimal increase in housing payment; or • residual income.
580 and above	40/40	No discretionary debt.
580 and above	40/50	Two of the following: <ul style="list-style-type: none"> • verified and documented cash Reserves; • minimal increase in housing payment; • significant additional income not reflected in Effective Income; and/or • residual income.

Documenting Acceptable Compensating Factors (reference the above table) (Manual)

Verified and Documented Cash Reserves - Verified and documented cash Reserves may be cited as a compensating factor subject to the following requirements.

- Reserves are equal to or exceed **three total monthly Mortgage Payments (one and two units)**; or
- Reserves are equal to or exceed **six total monthly Mortgage Payments (three and four units)**. Reserves are calculated as the Borrower's liquid assets as described in FHA guidelines less:
 - the total funds required to close the Mortgage. Reserves do not include:
 - gifts;
 - borrowed funds from any source; and
 - cash received at closing in a cash-out refinance transaction or incidental cash received at closing in the mortgage transaction.

Minimal Increase in Housing Payment - A minimal increase in housing payment may be cited as a compensating factor subject to the following requirements:

- the new total monthly Mortgage Payment does not exceed the current total monthly housing payment by more than \$100 or 5 percent, whichever is less; and
- there is a documented 12 month housing payment history with no more than one 30 Day late payment. In cash-out transactions all payments on the Mortgage being refinanced must have been made within the month due for the previous 12 months.
- If the Borrower has no current housing payment Mortgagees may not cite this compensating factor.

The Current Total Monthly Housing Payment refers to the Borrower's current total Mortgage Payment or current total monthly rent obligation.

No Discretionary Debt - No discretionary debt may be cited as a compensating factor subject to the following

FHA Standard Refinance (No Cash-Out Refinance / Rate and Term)

requirements:

- the Borrower's housing payment is the only open account with an outstanding balance that is not paid off monthly;
- the credit report shows established credit lines in the Borrower's name open for at least six months; and
- the Borrower can document that these accounts have been paid off in full monthly for at least the past six months.

Borrowers who have no established credit other than their housing payment, no other credit lines in their own name open for at least six months, or who cannot document that all other accounts are paid off in full monthly for at least the past six months, do not qualify under this criterion. Credit lines not in the Borrower's name but for which they are an authorized user do not qualify under this criterion.

Significant Additional Income Not Reflected in Effective Income - Additional income from Overtime, Bonuses, Part-Time or Seasonal Employment that is not reflected in Effective Income can be cited as a compensating factor subject to the following requirements:

- the Mortgagee must verify and document that the Borrower has received this income for at least one year, and it will likely continue; and
- the income, if it were included in gross Effective Income, is sufficient to reduce the qualifying ratios to not more than 37/47.

Income from non-borrowing spouses or other parties not obligated for the Mortgage may not be counted under this criterion. This compensating factor may be cited **only in conjunction with another compensating factor** when qualifying ratios exceed 37/47 but are not more than 40/50.

Residual Income - Residual income may be cited as a compensating factor provided it can be documented and it is at least equal to the applicable amounts for household size and geographic region found on the Table of Residual Incomes By Region found in the Department of Veterans Affairs (VA) [Lenders Handbook - VA Pamphlet 26-7](#), Chapter 4.9 b and e.

Calculating Residual Income - Residual income is calculated as total Effective Income of all occupying Borrowers less:

- state income taxes;
- federal income taxes;
- municipal or other income taxes;
- retirement or Social Security;
- proposed total Mortgage Payment;
- estimated maintenance and utilities;
- job related expenses (e.g., child care); and
- the amount of the Gross Up of any Non-Taxable Income.

If available, Mortgagees must use federal and state tax returns from the most recent tax year to document state and local taxes, retirement, Social Security and Medicare. If tax returns are not available, Mortgagees may rely upon current pay stubs.

For estimated maintenance and utilities, Mortgagees must multiply the Gross Living Area of the Property by the maintenance and utility factor found in the Lenders Handbook - VA Pamphlet 26-7.

Using Residual Income as a Compensating Factor - To use residual income as a compensating factor, the Mortgagee **must count all members of the household of the occupying Borrower without regard to the nature of their relationship and without regard to whether they are joining on title or the Note to determine "family size."**

- Exception - The Mortgagee may omit any individuals from "family size" who are fully supported from a source of verified income which is not included in Effective Income in the mortgage analysis. These individuals must voluntarily provide sufficient documentation to verify their income to qualify for this exception. From the table provided in [Lenders Handbook - VA Pamphlet 26-7](#), select the applicable mortgage amount, region and household size. If residual income equals or exceeds the corresponding amount on the table, it may be cited as a compensating factor.

Compensating factors cited to support the underwriting decision must be recorded in the *Underwriter Comments* section of Form HUD-92900-LT, *FHA Loan Underwriting and Transmittal Summary*.

Documentation supporting the compensating factors cited must be included in the endorsement case binder including, if applicable, a worksheet attached to Form HUD-92900-LT reflecting the calculation of residual income

*For all Streamline Refinance and Simple Refinance transactions that are refinancing FHA loans **endorsed** on or before May 31, 2009, the following factors apply:

- The UFMIP will decrease to .01% of the base loan amount
- The Annual (Monthly) MIP will be .55%, regardless of the base loan amount

The endorsement date is on the Case Query screen in FHA Connection.

For mortgages where FHA does not require an appraisal, the value from the previous mortgage is used to calculate the LTV.

For loans with FHA case numbers assigned on or after June 3, 2013, FHA will collect the annual MIP for the maximum duration permitted under statute. See 12 U.S.C. Section 1709(c)(2)(B)

- For all mortgages regardless of their amortization terms, any mortgage involving an original principal obligation (excluding financed Up-Front MIP (UFMIP)) **less than or equal to 90% LTV**, the annual MIP will be assessed until the **end of the mortgage term or for the first 11 years of the mortgage term, whichever occurs first.**
- For any mortgage involving an original principal obligation (excluding financed UFMIP) **with an LTV greater than 90 percent**, FHA will assess the annual MIP until **the end of the mortgage term or for the first 30 years of the term, whichever occurs first.**

The table below shows the previous and the new duration of annual MIP by amortization term and LTV ratio at origination.
