Non-Delegated Underwriting for
New Jersey properties
March 28, 2014

Due to licensing requirements in the state of New Jersey, Impac Mortgage Corp. must obtain additional licensing on non-delegated underwriting services on loans for purchase. An application has been submitted by Impac Mortgage Corp. to the state of New Jersey to obtain the required licensing approval, but until we are approved, Impac cannot underwrite loans for purchase in the state of New Jersey. This is effective with the release of this announcement.

Once Impac is licensed for non-delegated underwriting of loans for purchase in New Jersey, we will again offer non-delegated underwriting services.
