

## Announcement CL 2018-06-12 FEMA Major Disaster Declarations for Alaska, New Hampshire and New Jersey

FEMA has issued new presidential major disaster declarations for the following, designating locations affected by severe storms, flooding, and snowstorms as eligible for public assistance only:

- Alaska – 4369
- New Hampshire – 4370 and 4371
- New Jersey – 4368

iQM loans only: An exterior re-inspection, with photos, from the appraiser for properties located in zip codes and counties that are eligible for *public* assistance will be required for appraisals issued prior to the incident end dates shown on the attached disaster declarations. The following re-inspection documentation can be used:

- a CDAIR
- a Fannie Mae Form 1004D / Freddie Mac 442, or
- a Fannie Mae Form 2075

*Note*: An appraisal completed in an area *after the disaster declaration* incident end date does not require a re-certification. However, the appraiser *must* comment that the property is free from damage and that the disaster had no effect on the property. Any damage noted on the appraisal must be resolved before proceeding with closing the loan.

***We thank you for your continued business.***

*If you have any questions, contact your Relationship Manager at 888-850-0259 Option 1 or your Account Executive.*
